

# **Do What You Gotta Do**

- Jay Memory

**(You) Do what you gotta do  
So you can do what you wanna do  
Ya' Do what you gotta do  
So you can do what you wanna do**

**You're Workin' like a dog – all night long  
Pickin' up the tables – moppin' up the crumbs  
Pinchin' your pennies – followin' the rules  
I hear you're goin' to go back & finish up school  
Way to go, Sister!**

**You Do what you gotta do  
So you can do what you wanna do  
You Do what you gotta do  
So you can do what you wanna do**

**Fingers would bleed – on that old 6 string  
Bought back in pawn shop in 1993  
Without a clue – you kept on pushin' thru  
Now folks buyin' tickets come out  
to listen to you**

**Way to go son...**

**Do what you gotta do  
So you can do what you wanna do  
Do what you gotta do  
So you can do what you wanna do**

**(Check it out!)**

**Drive down the coast  
Put your toes in the sand  
Turn off that cell phone  
Pray for a plan  
Dig in "the dirt"  
And heal all your hurt  
Pretty soon now friends  
We're gone have to go back to work  
So get ready, (Get ready, Y'all)  
Tomorrow - Go and change the world!!  
...change it baby**

**Do what you gotta do  
So you can do what you wanna do  
Do what you gotta do  
So you can do what you wanna do  
(Just do it Right)**

**Do what you gotta do  
So you can do what you wanna do  
Do what you gotta do  
So you can do what you wanna do!**
