

# **I Still Believe**

**- Jay Memory**

**But the road is rocky  
And my patience runs thin  
These days are a stone on my  
back**

**Hard not to "give in"**

**A cold and a lonely**

**Scared little boy**

**A simple game of tug-o-war  
Against the weight of the world**

**I still believe**

**Got it comin' to me**

**A beautiful blessing y'all**

**Even bigger than dreams**

**To fly with the angels**

**To soar ever higher**

**By the grace of my Father ya'll**

**I will sing in His choir**

**But the winds they're blowin'**

**Like a thief in the night**

**Trying to steal away**

**All I know that is right**

**Distraction around me**

**Like a medieval moat**

**Surrounded by lies, the lies the  
darkness evokes**

**But I still believe**

**I Got it comin' to me**

**A beautiful blessing**

**Even bigger than dreams**

**To fly with the angels**

**To soar ever higher**

**By the grace of my Father y'all**

**I will sing in His choir**

**The chains of dark and doubting**

**Will never hold me down**

**I will scale the walls of this life**

**I will hear the trumpets sound**

**Lord I believe**

**You have provided for me**

**A beautiful paradise**

**That I can't conceive**

**A Glory and Wonder**

**I am longing to know**

**What a gift for this simple boy**

**To kneel at Your Throne**

**And sing...sing...**

**Hallelujah... Hallelujah...**

**Hallelujah...Hallelujah**

**You are holy**

**You are worthy**

**You are lovely,**

**Amen**

**...Love You**

**.....Love.....Love!**
