

Playin' Games – Jay Memory

**You say you got a – Deep love for me
Like a glove honey – Not about money
(But) I got a maybe – Think about it baby
Cause forever is a long, long time**

**Do you understand that I'm a man's man
I've got some dirty hands - I play in rock bands
I'm tired of lazy – Relationship crazy
(So) let's talk it out – So there's no doubt**

**Cause I don't wanna play games
I don't wanna play games
I don't wanna play games
Anymore.....**

**Let's do some work – Before the big hurt
Before the breakin' day – Before the walk away
I ain't gonna change or be re-arranged
Without some honesty so shoot straight with me**

**(Cause) I don't wanna play games
I don't wanna play games
I don't wanna play games
Anymore
What for?!?!**

**Cause it's a long hard walk to the promise land
Without a sweet soul-sister take me by the hand
So make your mind up Baby, want it bad enough
Because I am only in it for the real deal love.**

**Well, I'm tired of playin' these games
I'm "all in" if you feel the same
We can start by speaking the truth
And trust in this thing called "Me & You"**
