

# **Right Back to You** – Jay Memory

La la la la la la la la  
La la la la

We'll dance a light Merengue under a low Bahama moon  
Tell you little secrets as the waves beneath us move  
To the tempo of temptation the rhythm of regret  
Perhaps it our future, we have met

Love in new standing – All of me to you  
All you give to me I'm giving right back  
Love love exciting and new  
All you give to me I'm giving right back to you

I am falling into wonder C'est La Vie, Si come what may  
I believe in what we're feeling I conceive a cure for pain  
I cannot imagine spinning webs in worlds apart  
Not to mention the condition of my heart

Love in new standing – All of me to you  
All you give to me I'm giving right back  
Love, love exciting and new  
All you give to me I'm giving  
Right back- Right back  
right back to you

Sing of love and live love  
Sing of love and live love  
Sing of love and live love  
Sing of love  
Tonight

Sing of love and live love  
Sing of love and live love  
Sing of love and live love  
Sing of love

**Puede ser conmigo cada noche por favor  
Contigo por mi lado me siento con amor  
Mi amante he sonado con este el vals  
Nunca baile aparte de mi pido mi amor**

**Love in new standing – All of me to you  
All you give to me I'm giving right back to you  
Amore Nuevo y maduro con calor  
All you give to me I'm giving  
right back  
right back  
right back to you**

**All you give to me - I'm giving  
right back to you**

**~Love~**
