

Since I Laid My Burden Down

- Jay Memory

**Glory – Glory – Hallelujah
Since I laid my burden down
Glory – Glory – Hallelujah
Since I laid my burden down**

**I was a castaway
I was lost out at sea
Big fat chains of doubt
Around my feet
Never good enough
Not to mention life at home
I was not created to try
And make it on my own**

**Glory – Glory – Hallelujah
Since I - laid it down
Glory – Glory – Hallelujah
Since I laid my burden down**

**Give it up – son
Let go of every single fear
Seemed to be so simple now
“Confounded me for years”
Then the “Son Rise”
The “Fall upon my knees”
“Letting go of self”
Lifted me to my release
...since I laid my burden down**

**Glory – Glory – Hallelujah
Since I laid my burden down**

**Staggered by Your Love - Lord
Staggered by Your Love
Staggered by Your Love**

**Staggered by Your Love
Staggered by Your Love
Staggered by Your Love**

**Well, Staggered by Your Love
Staggered by Your Love
Staggered by Your Love**

**Lord - Staggered by Your Love
Staggered by Your Love
Staggered by Your Love**

**Since I laid my burden down
Glory - Glory Hallelujah
Since I laid my burden down**

**Every step we take that's
something
All we need
All we need is Love
All that's real you can feel it
coming
All we need
All we need
is Your Love
... All we need is Love!!!**
